

3000W Handheld Laser Cleaning Machine

Machine

Huawei Laser is a professional manufacturer in China that produces laser cutting machines, laser pipe cutting machines, handheld laser welding machines, and handheld laser cleaning machines. If you are interested in 3000W handheld laser cleaning machine products, please contact us. We follow the principles of assured quality, conscientious price and dedicated service.

Product Introduction

As a professional laser cutting machine manufacturer in China and a handheld laser cleaning machine factory in China, we have strong strength and perfect management. We mainly produce a series of open laser cutting machines, closed switching laser cutting machines, H-beam laser cutting machines and peripheral equipment. We adhere to the principle of quality first and customer first, and sincerely welcome your letters, calls, inspections and business negotiations. We always guarantee you high quality service.

Model specification identification method

HWLC -3000W
HW:HuaWei Laser
LC:Laser Cleaning
3000W:Power

Technical Parameters of 3000W Handheld Laser Cleaning Machine

Power	3000W	
Working Mode	continuous/modulated	
working environment	temperature range	0-40°C
	Humidity range	<70% No condensation

Product Features Of 3000W Handheld Laser Cleaning Machine

As a non-contact laser cleaning machine, it does not damage the parts substrate, no consumables energy saving and environmental protection, and it can efficiently remove resin, oil, stains, dirt/rust, coating, cladding and paint from workpiece surface to meet the cleaning requirements on complex modeling and fine positioning in the industrial processing field, achieve

a higher cleanness degree of cleaning effect, and the production benefits at a lower comprehensive cost.

Cleaning Samples Of 3000W Handheld Laser Cleaning Machine

Application of Of 3000W Handheld Laser Cleaning Machine

It is mainly used in automotive manufacturing, mechanical processing, electronic processing, cultural relic restoration, mold industry, shipping industry, food processing, petrochemical and other industries.

FAQ Of 3000W Handheld Laser Cleaning Machine:

Q: Can laser cleaning machines remove paint?

A: Yes. Laser cleaning machines can effectively remove rust, oil, paint, resin, etc.

Q: Can cleaning tests be done?

A: Of course, you can contact us and we will conduct a test cleaning according to your requirements.

Q: Can you arrange the shipment for me ?

A: We can arrange land transportation, air transportation, and sea transportation. Provide FOB, CIF, EXW and other trade terms.

Q: What should I do if there is a problem with the machine after the warranty period?

A: Our equipment is maintained for life. Even if the warranty period expires, subsequent services will not be affected.
